save your seeds

5 simple reasons to grow
and collect Heirloom* seeds

1. Diversity:

saving seed increases global and community access to an incredible variety of food not available in stores.

2. Adaptation: over time, collecting seeds from healthy plants will allow plants to adapt to and thrive in your garden.

3. Preservation: heirloom seeds contain the history of farming within them. saving these seeds helps protect that knowledge as well as the food they produce.

4. Health: growing and saving your own vegetable seed gives us control over our food. you can be sure it is safe for you and the environment.

5. free and fun: one seed can lead to hundreds more. observe and experiment, you will become attached to this cheap way of growing healthy, beautiful and delicious food.
